

# FUNDY PANEL

## DURABLE, STRONG, AND STYLISH

### THE BEAUTY OF A STANDING SEAM INSTALLATION AT A COMPETITIVE PRICE

**Fundy Panel** is a roofing and siding solution that offers the look of a standing seam installation at a competitive price. It is known for its exceptional strength, with its robust 80,000 psi full hard steel core and uniquely designed high ribs, spaced every 12 inches.

Engineered and manufactured at our Moncton plant, this profile provides superior durability, thanks to its 29 gauge, allowing builders to save on wood and steel purlins. Additionally, this panel can be installed on a roof pitch as low as 3/12.

- Ideal for both wall and roof applications
- Protects against harsh weather
- Cost-effective and easy installation

## STEEL PANEL

ENVIRONMENT-FRIENDLY.  
THIS PRODUCT IS  
ENTIRELY RECYCLABLE.

Canadian Sheet Steel Building Institute  
A division of the Canadian Institute of Steel Construction
